## WELCOME ADDRESS

Dear colleagues,

it is my pleasure to announce the

11<sup>th</sup> Homburger Neuroendoscopy Week  
at the  
Department of Neurosurgery  
Saarland University, Homburg-Saar / Germany,

Due to the success of the last years, we offer 3 **MODULES** in 2022 again.

**MODULE 1** is focused on the interdisciplinary approach to the skullbase in cooperation with our **ENT-DEPARTMENT** of Professor Schick. The new developments in endoscopic skullbase surgery are presented to you by an international faculty. Additional **HANDS-ON COURSES** will provide demonstrations of endoscopic techniques as well as time to enhance your own surgical skills on **HUMAN CADAVERS**. Interdisciplinary **LIVE SURGERIES** will be presented to you in HD-technology and in an interactive setting.

**MODULE 2** will focus on intraventricular endoscopy and pediatric neurosurgery. **HUMAN CADAVERS** and **ANIMAL MODELS** are also included.

**MODULE 3** is focused on the currently most important available techniques in minimally invasive spine surgery. This module also contains a **HUMAN CADAVER WORKSHOP** lasting several hours.

As before a selected variety of innovative neurosurgical products will be presented in the accompanying **INDUSTRIAL EXHIBITION**.

We are looking forward to welcoming you in Homburg-Saar for a week full of new exciting experiences.

Sincerely yours,

Prof. Dr. Joachim Oertel

Head of the Department of Neurosurgery

Prof. Dr. Bernhard Schick

Head of the Department of Otolaryngology

## Airport

We recommend **Frankfurt International Airport**, which is located approx. 150 kilometers away from Homburg. The airport is also the largest airport train station in Germany and offers connections to any German city with German Rail (**Deutsche Bahn**). From the long distance station you can take a train to Homburg-Saar main station. For further information, please visit the following websites:

- [www.frankfurt-airport.de](http://www.frankfurt-airport.de)
- [www.bahn.de](http://www.bahn.de)

Due to confusion over the location of **Homburg-Saar** in the past, we want to point out where **Homburg-Saar** is located in Germany. It is close to Saarbrücken, about 150 km south-west of Frankfurt and 35 kilometer from the French border. **Homburg-Saar** should not be confused with the cities of Hamburg or Bad Homburg.

## Accommodation

We have reserved rooms at a special rate at the following hotels. We kindly ask the participants to book the rooms themselves. Reservations can be made by using the reference "**Neuroendoscopy Week 2022**" per phone or their homepage.
